

REMARKS

The present application is now in condition for allowance. Upon review of the amendments submitted in this application, several discrepancies were noted by Applicant. Accordingly, this amendment is submitted to dispel the discrepancies by indicating the proper location for the paragraph to be amended on page 18, rather than page 14 as was erroneously stated in the last amendment.

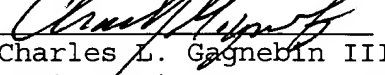

In addition, the title is amended to provide a clearer recitation related to the subject matter of the invention. No new matter is added in either case.

This amendment is submitted with payment of the Issue Fee to speed processing of the application to issue. Accordingly, the title has been amended on the Notice of Allowance and Issue Fee due, submitted herewith.

The Examiner is encouraged to telephone the undersigned attorney to discuss any matter that would expedite the issue process for the present application.

Respectfully submitted,
